Associate's of Applied Sciences in Computer Programming

Olympia, WA

Jan. 2019 – June 2021

## TECHNICAL SKILLS

**Languages:** JavaScript, C/C++, C#, Java, SQL (SQL Server), HTML/CSS, XML

**Frameworks:** jQuery, Angular, ASP.net

**Developer Tools:** Git, TortoiseSVN, Dr.Memory, Doxygen, VS Code, Visual Studio, MS Power Platform

## PROJECTS

### XIRIZ | *JavaScript ES6, cocos2d-x JSB, Pixel Game Maker MV*

February 2019 – Present

- Side-scrolling action game inspired by games such as Devil May Cry, Metroid, and Nier being developed in the Pixel Game Maker MV engine.
- Completely solo project started during my first year of community college.
- Utilizes the engine's proprietary visual scripting language in tandem with user defined JS scripts and engine plugins based off of the cocos2d-x JavaScript Bindings.
- Original demo was showcased at GotchaGotchaGames's 2019 Tokyo Game Show booth.  
Newest demo is available for windows OS on my [itch.io](https://standard-enemy.itch.io) profile.

### Game Jams | *Pixel Game Maker MV*

February 2019 – Present

- Hex Hunter | Pixel Game Maker Remix Jam 2019  
A top down adventure game where a hooded mage infiltrates a cursed castle. This game was developed in 2 weeks utilizing the Pixel Game Maker MV engine. Hex Hunter won the Community Choice vote for the jam
- Jumpman High School Presents: THE HOLE - Edwardo's Bizarre Adventure | So Bad It's Good Jam 2020  
A difficult precision platformer with a punishing stamina system. The game was developed in 2 weeks as an entry to the 2020 edition of the So Bad It's Good jam hosted on [itch.io](https://standard-enemy.itch.io).

## PREVIOUS WORK EXPERIENCE

### Software Development Intern

Nov. 2022 – Jan. 2023

*Ovation Technology LLC*

*Remote / Olympia, WA*

- Wrote and published design updates to the company website with HTML/CSS/JavaScript hosted on WordPress.
- Designed help-desk solution using Microsoft's Power Platform and presented prototype builds when Milestones were met.
- Connected with potential clients and OEM partners to gather project requirements.
- Created presentation and marketing material (One-Sheets, Slide Decks, Email Templates).

### Office Assistant

Nov. 2019 – Jun. 2020

*South Puget Sound Community College*

*Olympia, WA*

- Part-time work-study role assisting the Financial Aid Director with office management.
- Established correspondence with students and faculty who have special requests for the financial aid department, allowing the full time financial aid staff to follow up.
- Organized classified FERPA student records upon request.

### Night Auditor

August 2017 – November 2019

*IHG Army Hotels*

*Joint Base San Antonio, TX | Joint Base Lewis McChord, WA*

- Oversaw the daily automated Audit program. Reported any errors and revisions made to the program's output. Compiled the output logs and stored them for later use by the Accounting team.
- Tended the front desk while answering guest inquiries, phone calls, reservation requests, and performing check-ins for incoming guests.
- Reviewed reservation and billing information of current guests and reported any discrepancies to the Accounting team.
- Assisted housekeeping and maintenance departments with guest requests by submitting work orders via online task database.
